

Events

In order to make the events manageable we have grouped the villages into 'clusters'. You will be able to look at the various sites, and make comments relating to the village where you live. Please attend the event nearest to where you live. There will be an opportunity to discuss the wider issues relating to living and working in the countryside with the Planning Officers.

Wychavon District Events

See final page for full address and opening times of events.

Village categorisations are subject to periodic review because rural services change over time. Further exhibitions for certain villages may therefore be needed during the consultation period. Please look out for details in the New Year.

Now is the chance to begin to have your say about the future character of rural South Worcestershire
