The South Worcestershire Councils (SWCs) have commenced a review of the South Worcestershire Development Plan to 2041. Following on from the consultation on the Preferred Options document towards the end of 2019, we are now undertaking a further targeted Preferred Options consultation on a revised Sustainability Appraisal Report until **Monday 19 April 2021**.

The Sustainability Appraisal Report provides updated assessments of the sites and policies set out in the 2019 SWDPR Preferred Options document. **Please note this not a further opportunity to make representations to the 2019 Preferred Options.** It is not necessary to respond to the whole Sustainability Appraisal Report, but please use a separate form for each representation you wish to make.

The consultation page, that includes the main Sustainability Appraisal Report and any supporting information is available from [insert link to SWDP website].

Please specify which part of the document you are responding to. Where responding to a specific section of the report please provide chapter number and relevant paragraph(s).

Please write your comments here (please use extra sheet if necessary):

Your comments will be registered and will be carefully considered in preparing the Publication version of the SWDP Review later in 2021 which is the next stage in the review of the South Worcestershire Development Plan. A summary of the comments received, and officer responses will be reported to the relevant Council meetings in September 2021.

Thank you for taking part in this consultation.
