Paul

I have received the following response from the Inspector -

*After considering the representations made and the discussion at the hearing session, the Inspector has decided to make no finding on the specific question of the figure(s) to be used as the basis for assessing the five-year housing land supply in the period until the SWDP is adopted.*

*It will be clear from paragraph 61 of his Further Interim Conclusions that he regards the figures in paragraph 57 as representing the full, objectively-assessed need for housing over the Plan period, and that the Councils should use those figures as the basis for making housing provision in the SWDP in accordance with national policy and guidance. The soundness of the proposed housing provision, including whether or not the SWDP makes appropriate provision for a five-year supply of housing land during the Plan period, will then be examined in Stage 2 of the examination.*

*However, it would not be appropriate for the Inspector to attempt to dictate what figure(s) should be used as the basis for assessing the five-year housing land supply for the purposes of any planning application or appeal that is determined in the period before the SWDP is adopted. That is a matter for the decision-maker in each individual case.*

Kind regards  
Helen

Subject: Query

Dear Helen

We have one question of clarification. As part of the revised Matter 1 Question 1g the Inspector sought views in respect of the assessment of the 5 year land supply until adoption. The councils provided a supplementary answer to this question on 6 March. In the Inspector's Further Interim Conclusions we have not been able to determine whether the Inspector has provided his conclusions on this matter and we wondered whether, at this stage, he would wish to make any further comment at this stage?

In terms of the publication of the Inspector's Report we are aware of the Inspector's intention to release the report onto the website on Thursday morning. Am I correct in assuming that this will be 9.00am (asking for Press Release embargo purposes)?

With best wishes  
Paul
