The Mapping Index is designed for use with the following mapping in the South Worcestershire SFRA: appendices.
- Flood Zones
- Climate Change
- Surface Water
- Hazard

Due to the size of the study boundary, it has been divided into grid squares and a suite of maps created for each grid square. Each grid square has been assigned an Index Number that can be used to identify the maps relevant to that particular grid square.

Legend
- Mapping index grid squares and ID number
- South Worcestershire Study Boundary
