How we will use your details

The personal information you provide on this form will be held and processed in accordance with the requirements of the Data Protection Act 1998 and the General Data Protection Regulation. Please note that your name and comments may be made publicly available when displaying and reporting the outcome of this consultation and cannot be treated as confidential. Any other details, including signatures, private telephone numbers and email addresses will not be published on the Council's website, but the original representations with personal details redacted will be available in full for inspection on request. Your details will be retained in order for us to validate your comments. We will use these details to continue to notify you of the progress on planning policy documents within south Worcestershire. If you no longer wish to receive notifications you can e-mail us or write to us to be removed from the consultation list however this will impact upon your right to be notified of progress with the document you are commenting on.

E-mail address		

The South Worcestershire Councils are inviting comments on 3 draft Supplementary Planning Documents covering the following topics:

1. Draft Renewable and Low Carbon Energy SPD

This SPD relates to policy SWDP 27 of the South Worcestershire Development Plan, which seeks to promote the use of renewable and low carbon energy requirements on qualifying development sites. The policy also relates to the requirement for large scale development to examine the potential for decentralised energy and heating networks and outlines the policy approach to stand-a-lone renewable and low carbon energy schemes (with the exception of wind turbines).

2. Draft Water Management and Flooding SPD

The SPD relates to policies in the adopted South Worcestershire Development Plan that seek to minimise the impacts of flood risk and to direct development to the areas of lowest flood risk, promote effective water management and maintain water quality (policies SWDP 28 Management of Flood Risk; SWDP 29 Sustainable Drainage Systems and SWDP 30 Water Resources, Efficiency and Treatment).

3. Draft Developer Contributions SPD

The draft revised Developer Contributions SPD relates to further advice required in the light of new infrastructure evidence, e.g. the development of the Local Transport Plan 4, and a number of other amendments, for example, to take account of the adoption of a Community Infrastructure Levy (CIL) by all three Councils, which came into effect in June 2017 for Malvern Hills and Wychavon councils and September 2017 for Worcester City Council.

If you wish to make comments on any of these Draft Supplementary Planning Documents, please fill in the form below: *[Please remember to add your name and contact details at the end of the form as we cannot take account of any anonymous comments]*

A: Which Draft Supplementary Planning Document do your comments relate to? Please tick the relevant box below. [Please use a separate form for each Supplementary Planning Document]

- 1. Draft Renewable and Low Carbon Energy SPD
- 2. Draft Water Management and Flooding SPD
- 3. Draft Developer Contributions SPD

Please add your comments in the box below. If you need more space, please add additional pages.

B: Please specify the paragraph and page number you are referring to, if applicable:

Paragraph number

Page Number

Please write your comments here: [NB: If your comments relate to more than one paragraph / page, please reference these at the start of each comment]

Your comments will be registered and acknowledged and will be carefully considered in preparing the final SPDs to go forward for consideration and adoption by the respective Councils. A summary of the comments received and officer responses will be reported to the relevant Committee meeting.
